

Aspley State School Years 3-6 BYO iPad Program

Dear Parents and Carers,

The Bring Your Own iPad Program is designed to help students keep up with the demands of the 21st century. Helping students become responsible digital citizens will enhance what we do in the classroom and give students skills and experience that will prepare them for their future studies and career.

1. Purpose

This letter confirms that parents agree to participate in the BYO iPad Program and provide an iPad that meets the minimum requirements for their child to use in Year 3, 2023.

2. Commencement

This agreement commences upon signing this letter and will inform school planning for 2023.

3. Program Start

The program will start for Year 3 at the beginning of Week 4, Term 1. This will assist us to set up the devices and link them to the school network. Could you please have purchased and downloaded all apps on the school apps list by the beginning of Term 1, 2023.

4. Apple ID

Please set up an Apple ID (and link it using family sharing if you have your own Apple ID so that you can monitor purchases and your child's activity online). Please consider using Screen Time to monitor and restrict iMessage and Facetime as suggested in the iPad Program Handbook.

As a school, we understand that there is a financial impact for families in purchasing an iPad. Therefore, we have outlined two options below:

Option One:

BYO iPad and accessories – already owned or purchased from a retailer (meeting the school's iPad requirements)

OR

Option Two:

- Access to an Equity iPad – available to families experiencing financial hardship. Please call or email the school to arrange a time to discuss this option confidentially with the Principal. (Numbers are limited)

To assist us with planning for 2023, please indicate on the attached form which option is applicable to your circumstances and return to the school office by Friday 11th November.

Thank you for your support of our BYO iPad Program.

Acting Principal
