In Term 3, selected students from Years 5 and 6 participated in the Club Kidpreneur Program. The children worked in teams to build their own business with the profits going to charity.

Throughout the program the children stretched their creativity, got comfortable with risk and failure and built their confidence and resilience.

Their hard work has finally come to fruition with our market day being held straight after assembly this Monday, 24th of October.

Each class in the school have been allocated a 'shopping time' to purchase products from our Kidpreneurs. Please show your support by sending a small amount of money with your child to school on Monday.
