

This Letter is about:	Headphones for Preps
Action Required:	For information only

Friday, 29th April, 2016

Dear Parents/Caregivers

Our Headphones have arrived!

As the children are accessing our programs and educational apps on iPads and computers on a regular basis, we have been endeavouring to source individual headphones for their use. We have now purchased the headphones pictured below from Officeworks at the cost of \$8 per unit. The headphones have been purchased using Prep Levy monies so, if you have paid this levy, they will become the property of your child and will be sent home at the end of the year for reuse in Year 1. All headphones will be individually labelled and stored at school. We will also be discussing appropriate care of these with your child however if they become damaged you will need to replace them, at your cost, so that your child can continue to access technology.

Regards

Prep Teachers
